UNITS THAT ADAPT TO YOUR PROCESS

Assign Unit in Tag Builder

Set Integral units on Statistics table

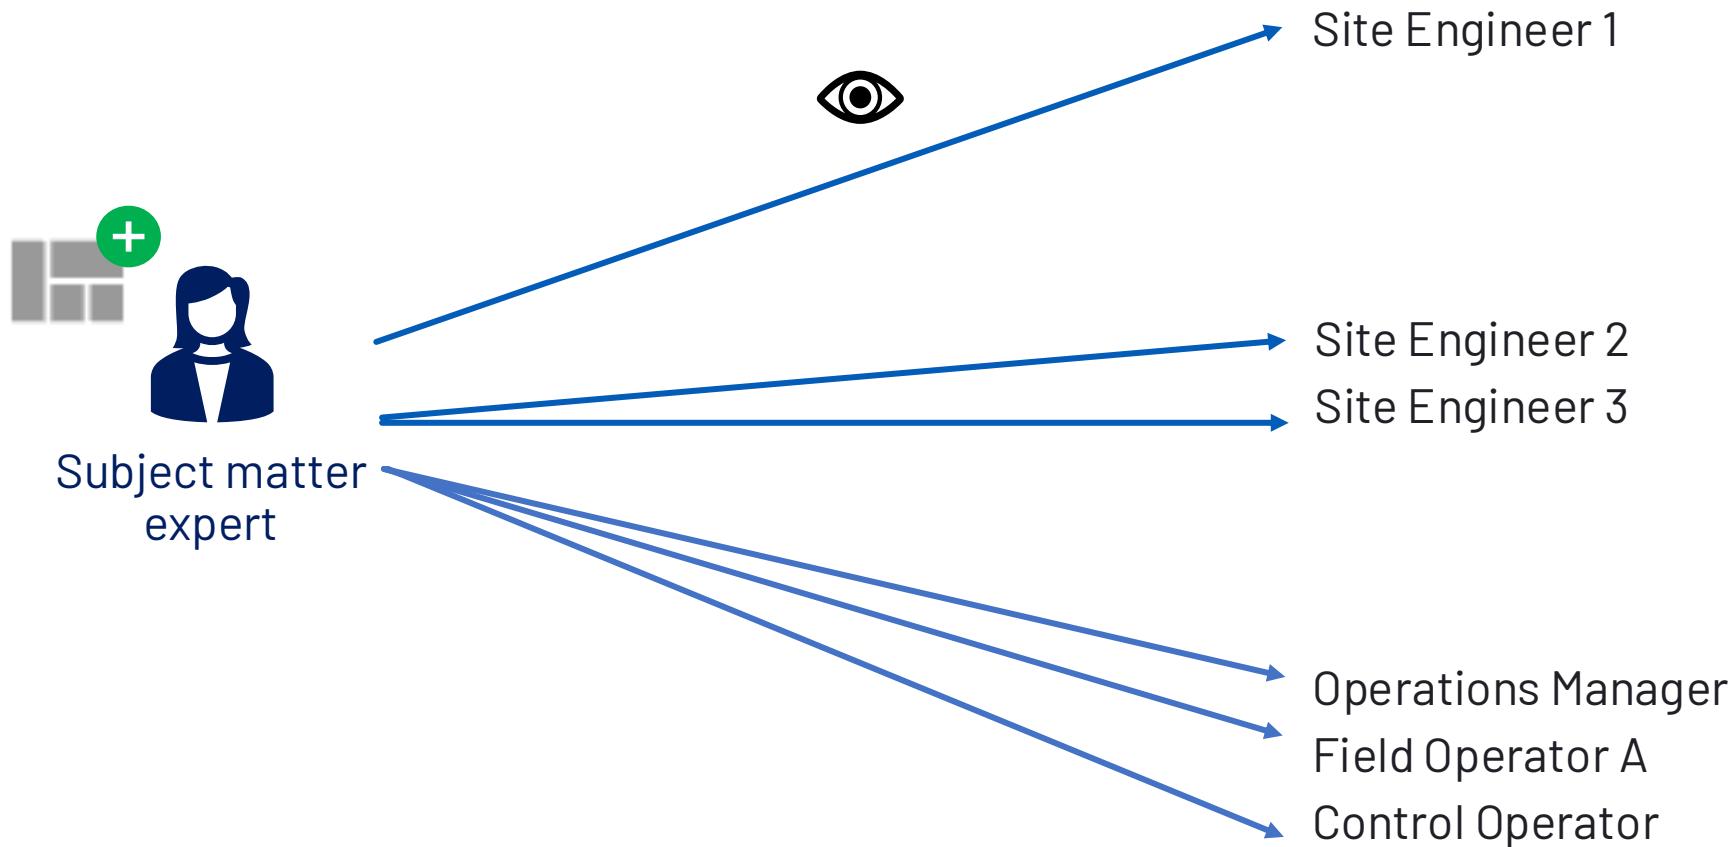

The screenshot shows the TrendMiner software interface with the 'Rx 1 Report' tab selected. The 'Statistics' tab is active. A dropdown menu is open on the right side of the screen, showing unit options: Minute, Day, Hour, Minute (selected), and Second. The 'Minute' option is highlighted with a blue background. The statistics table displays data for four tags: Rx 1 Concentration, BA:FLOW.1, BA:LEVEL.1, and BA:PRESSURE.1. The table includes columns for AVG, STDEV, MAX, Range, Integral (/m), and End.

TAGS & ATTRIBUTES	AVG	STDEV	MAX	Range	Integral (/m)	End
Rx 1 Concentration	22.2	14.6	49.6	49.6	10,648.2	6.1
BA:FLOW.1	1.9	1.3	3.5	3.5	891.7	2.4
BA:LEVEL.1	21.8	14.7	43.4	43.4	10,476.1	11.4
BA:PRESSURE.1	11.8	9.2	33.4	33.4	5,644.1	10.7

ADMINISTRATION

MANUAL & COMPLEX UPGRADES

The screenshot shows the EdgeManager interface with the following components:

- Left Panel:** A file browser titled "Index of /hps/2025R4.0" showing files for TrendMiner 2025.R4.0. It includes a "Name" and "Last modified" column. Files listed include "Parent Directory", "PlantIntegrationsWebDeploy-5.1.1.zip", "trendminer-2025.R4.0-05-alma9.tar.gz", "trendminer-2025.R4.0-05-alma9.tar.gz.md5", and "trendminer-2025.R4.0-05-alma9.tar.gz.sha1".
- Right Panel:** The "Upgrade" section of the EdgeManager. It features a "Browse files or drag and drop" field with the instruction "File type: .tar.gz". An orange arrow points from the "trendminer-2025.R4.0-05-alma9.tar.gz" file in the file browser to this field.
- Bottom Center:** A diagram showing a computer monitor and server icon with an orange arrow pointing from the monitor to the server, labeled "Download" and "Upload" respectively.
- Bottom Left:** A vertical list of dots, with the bottom one being larger.
- Bottom Right:** A "RECENT ACTIONS" list showing a history of system operations.
